

PYC Summer Camps - Communicable Disease Plan (CDP)

While PYC is committed to the safety of our campers and staff, we recognize that no CDP is foolproof and that there is still risk of outbreak at camp. In an effort to minimize the effects of communicable disease at camp, PYC will work with local officials and follow the state and federal guidelines for religious organizations. In addition, we are taking advantage of the many resources that are now available through the Christian Camp and Conference Association (CCCA). The CCCA has worked with camps all over the country this past year, and they have seen first-hand what has and has not worked in minimizing the risk of communicable disease.

Disclaimer:

It should be noted that the potential existence of the virus in any public setting is widely known and that attending summer camp is considered a voluntary assumption of the risk.

Campers and Parents CDP

Prevention/Mitigation	Notes
Pre-Camp 1. Parents and campers are asked to arrive healthy 2. Pre-screening 3. Screening upon arrival 4. COVID-19 exposure is found out 5. Unless required by the government...	Pre-Camp 1. Please do not send your child to camp if they have symptoms or if, in the past 14 days, they have had close contact* with someone who has COVID-19 (See Refund Policy). 2. *Revised* Campers will no longer need to complete pre-screening prior to arrival. 3. Upon arrival, campers will need to complete a screening process. If campers have symptoms, or have had close contact with some who is positive for COVID-19, we would ask that you stay home. 4. If, after arrival at camp, you find out that your child has had close contact with COVID-19 in the past 14 days, please let the camp office know. The child who has been exposed will be quarantined until parents can pick them up. (See refund policy) The cabin that the exposed camper was in, will be permitted to proceed with camp activities as normal, provided no one starts showing symptoms. 5. PYC does not intend to ask for a negative test result in order to attend camp, nor do we intend to ask campers to quarantine before arrival. *Added* PYC will not be requiring vaccinations or proof of vaccination.

Prevention/Mitigation	Notes
<p>During Camp</p> <p>Deployment of Non-Pharmaceutical Intervention (NPI)</p> <ol style="list-style-type: none"> 1. (NPI) Temp Checks 2. (NPI) Masks/face shields 3. (NPI) Hygiene 4. (NPI) Social Distancing 5. (NPI) Ventilation 6. (NPI) Group Sizes 7. (NPI) Sanitization 8. Meals 9. Sleeping 10. Extra Staff 11. Designated Contact 	<p>During Camp</p> <p>CCCA has observed that the more NPIs that can be implemented at the same time, the less likelihood there is to experience an outbreak.</p> <ol style="list-style-type: none"> 1. *Revised * Temp checks will be performed upon arrival. 2. *Revised* Parent's discretion. PYC no longer intends to enforce mask wearing for any of our programming. If parents would like for campers to wear masks when indoors with other cabins units and through meal lines as we had originally intended, please let us know and we will do our best to honor your wishes. 3. *Revised* Hand sanitizer stations are located around camp. 4. Where possible, social distancing will be observed by cabin groups. Cabin groups will be considered a "family" and will not need to socially distance from each other. 5. Screen doors and fans will be installed in cabins to increase ventilation. Outdoor activities will be encouraged as much as possible, and windows and fans will be used to help ventilate indoor areas. 6. PYC will closely monitor registration numbers so as not to overfill cabin units. 7. PYC staff will work to ensure the sanitization of high traffic areas. 8. Meals will be served and eaten outdoors when possible. 9. *Revised* Masks will not be required while sleeping. For explorer camps we encourage campers to bring hammocks with rain flies. PYC will provide for campers who do not have them. 10. PYC is making efforts to have extra staff available if needed. 11. If parents have concerns about their child's health, they can reach the camp office at 814-848-9811.

Prevention/Mitigation	Notes
<p>If a Camper Gets Sick (with symptoms of COVID-19)</p> <p>1. Isolate and send the camper home</p> <p>2. Isolation of the camper's cabin</p> <p>3. Confirmed COVID-19</p>	<p>If A Camper Gets Sick <i>While we may discuss symptoms with a parent to find out if the symptoms are normal, PYC will have the final say about whether a camper stays or goes home. PYC is not equipped to lodge sick campers for an extended period of time.</i></p> <p>1. The camper will be moved to a location where they will not be able to expose anyone else. The parents will be called, and they will need to come take their child home. See Refund Policy. In addition, after a camper is sent home, PYC may contact parents to follow up with the health of a camper. For a camper to be able to return to camp, they must:</p> <ul style="list-style-type: none"> - Provide proof of a negative COVID-19 test, or - Isolate for 10 days since symptoms first appeared and experience 24 hours with no fever and notice that other symptoms of COVID-19 are improving. <p>2. The cabin from which a sick camper came will need to isolate from the rest of the camp. They will still be able to do activities but will need to avoid any activities with the rest of camp. The parents of this group will be made aware that a child from this cabin went home sick.</p> <p>3. If a camper is sent home with symptoms and is later confirmed to be COVID-19 positive, PYC would please ask that parents inform us, so we know who has had close contact.</p>

Prevention/Mitigation	Notes
<p>Outbreak at Camp</p> <p>1. Breaking point for staff</p> <p>2. Breaking point for campers</p> <p>3. Following weeks of camp</p> <p>4. Camp cancelation</p>	<p>Outbreak at Camp</p> <p>1. This point will vary depending on the number of campers and extra staff available. In short, we will not understaff our cabins. If we don't have enough counseling staff left to fully staff all needed cabin units, we will need to cancel the week of camp, and parents will need to pick up their kids early. See Refund Policy.</p> <p>2. *Revised* This will be determined based on the circumstances surrounding campers getting sick. If we need to cancel a week of camp due to campers getting sick, parents will be contacted to come pick up their kids. See Refund Policy.</p> <p>3. Upon cancellation of a week of camp, the PYC leadership will meet to discuss options for the remaining weeks of camp.</p> <p>4. PYC will communicate often with parents via email, so that they are aware of possible cancellations.</p>

Staff CDP

Prevention/Mitigation	Notes
<p>Pre-Camp</p> <ol style="list-style-type: none"> 1. Staff are asked to please arrive healthy 2. Isolation 3. Pre-Screening 4. Screening upon arrival 5. COVID-19 exposure is found out 6. Unless required by the government 	<p>Pre-Camp</p> <ol style="list-style-type: none"> 1. If you have symptoms or have had close contact* with someone who is positive for COVID-19, stay home until cleared. 2. Staff are asked to please isolate for 10 days before arrival to camp. This does not need to be anything crazy. Please just avoid large gatherings and ensure you don't have contact with anyone who has symptoms or is positive for COVID-19. 3. *Revised* Staff will not need to complete a pre-screening form, but are asked to not come to camp if they have experienced COVID-19 symptoms in the past 10 days. 4. *Revised* Staff will take a health check upon arrival. 5. If, after arrival to camp, you find out that you have had close contact to someone with COVID-19, please let the office know. 6. *Revised* PYC does not intend to ask for a negative test result in order to check in. PYC will not require you to be vaccinated.
<p>During Camp</p> <p>Deployment of Non-Pharmaceutical Intervention (NPI)</p> <ol style="list-style-type: none"> 1. See "During Camp" on page 2 for the campers. 2. Staff will be expected to model and encourage NPI 3. Staff are welcomed to stay on camp for the duration of their contract 	<p>During Camp</p> <ol style="list-style-type: none"> 1. All of the "During Camp Prevention/Mitigation" efforts on page 2 apply to staff also. 2. CCCA has observed that the more NPI can be implemented, the less likely we are to experience an outbreak. 3. Unless approval has been granted, staff will not be permitted off camp grounds during their breaks. Staff will be permitted to leave the camp during weekends; however we ask that they be wise and avoid large crowds. There will be screening upon arrival back to camp.

Prevention/Mitigation	Notes
<p>4. If a staff member has close contact</p> <p>If a Staff Member Gets Sick (with symptoms of COVID-19)</p> <p>1. Isolate the staff member and send for a COVID-19 test</p> <p>2. Isolate the staff member's cabin</p> <p>Outbreak at Camp</p> <p>1. See "Outbreak at Camp" on page 4</p> <p>2. Staff will be allowed to quarantine at camp</p>	<p>4. If a staff member on duty has close contact, they will immediately isolate and a backup staff will take their place. The staff will isolate for 5 days from exposure and then take a COVID-19 test.</p> <p>If A Staff Member Gets Sick</p> <p>1. The sick staff member will isolate, rest, and go for a COVID-19 test as soon as possible. The staff member will stay isolated until the test result is negative or, in the event of a positive test, until they are cleared for work by a doctor. A backup staff member will take their place.</p> <p>2. The cabin from which a sick staff member came will need to isolate from the rest of the camp. They will still be able to do activities but will need to avoid any activities with the rest of camp. The parents of this group will be made aware that a staff from this cabin is isolating.</p> <p>Outbreak at Camp</p> <p>2. Staff will be allowed to quarantine at camp provided the camp has not shut down completely. If camp needs to close its doors for the summer, staff will need to return home.</p>

Cancellation Policy

- To secure a spot – Penn-York Camp will still require a minimum \$25/registration fee to secure a spot at camp in 2021
- Complete Refund – If PYC cancels a camp or a registrant backs out before camp begins, Penn-York Camp will completely refund to the payor any money already paid towards a summer camp. This includes the \$25 registration fee needed to secure a registrant's spot. In the event of a week of camp starting, but then a camper leaving part way through, or PYC needing to cancel what remains of a week of camp, PYC will refund for any remaining days.
 - Refunds will be calculated by the total \$\$ that was paid towards a camp divided by the # of nights the camper would have stayed at camp. This will find what was paid for camp per night, which will then be multiplied by any remaining nights to find the total refund.
 - For Example: A camper Signs up for Friendship camp and pays the total registration cost of \$324. The camper only stays for two days, then must go home due to symptoms. The cost of camp was \$324. Divide that by 5 days, and the cost is \$64.80 per day. The payor will be refunded for the three remaining days that the camper was not at camp. $3 \times \$64.80 = \194.40 , so the payor will receive a refund of \$194.40.
- **Financial Aid** – Penn-York Camp encourages parents to take advantage of our campership aid if the cost of camp will be too much of a burden for your family.

*Close Contact Definition:

- You were within 6 feet of someone who has COVID-19 for a total of 15 minutes or more
- You provided care at home to someone who is sick with COVID-19
- You had direct physical contact with the person (hugged or kissed them)
- You shared eating or drinking utensils
- They sneezed, coughed, or somehow got respiratory droplets on you
